

NYSBA Antitrust Section, Diversity Committee

INTERVIEW PROGRAM

The NYSBA Antitrust Section's Diversity Committee cordially invites you to its inaugural Interview Program for rising 2L and 3L students, as well as junior attorneys, to assist in preparing for an interview in the antitrust profession. Students will be asked to submit a resume and (if they wish) cover letter in response to a mock job posting. During the program, students will each be paired with an experienced antitrust attorney who will first provide feedback on the resume and cover letter; and conduct a mock interview followed by a debrief. The entire session will last one hour. We hope this program will give students the opportunity to refine their interview skills while at the same time make a new professional connection in the antitrust field.
