

2025 State Legislative Update: Environmental and Energy Law Section

We've come to the end of the 2025 Legislative year, with several actions taken by the Legislature and the Governor that may be of interest to your section. Please reach out to the GR team with any questions about any particular legislation of interest that you don't see on the following list. Any memoranda and letters drafted by the section in support or opposition to legislation were shared by the Government Relations team, and the team looks forward to working with the section as we move into the 2026 legislative session.
